

RCO-RBS REPORT JANUARY 2008

TO COMO Vic Connell  
VCO Mike Williams  
District Board

This last month, we attended Change's Of Watch thru out our District. Its always amazing to me, when they read out the awards, the hours our members give to the Auxiliary. The nice thing it was no single person, but a large force at work. (BRAVO ZULU)

National Safe Boating Week (NSBW) will be May 17-23 2008. The only time we have together to pass out information is this Sat & at D-Train in March. So time is short.

This Sat. will pass out information to the Division Captains, to help the chairpersons. I will be available should there be any questions.

Yours truly,  
Angelo Perata RCO
